

Student E-mail Survey

College Name	Does your college provide students with students email account?	Do you require students to use this account? And for what purposes?	Do you use a third party provider for this email system, or does your IT department support the system?	How do students use the email system? Is it social as well as official?	Would you be willing to speak with an ECC representative or arrange a discussion with a person at your institution for us to gather additional information?
